

# ELF MOTO CHAIN PASTE

## DATA SHEET

### DESCRIPTION

**ELF MOTO CHAIN PASTE** is a very high performance grease for motorcycle chains. It has been specially formulated for optimal lubrication in the most severe conditions.

### APPLICATIONS

- **DRIVE CHAINS**
  - Specially designed for lubricating drive chains (all types of motorcycles).
- **ALL CONDITIONS**
  - The perfect grease for all conditions of use (touring or racing, on or off-road).
- **VERY HEAVY DUTY**
  - Particularly recommended when the chain has to cope with very severe driving conditions as well as external pollution (mud, water, etc.).

### PERFORMANCES

- **PROVEN PERFORMANCE**
  - Successfully tested during the 99/2000 motorcycle Grands Prix season: "the product adheres well to the chain and none is thrown off".
  - Particularly suitable for motorcycle chains with O-ring seals since it contains no solvents.

### CUSTOMER BENEFITS

- **EXTENDS CHAIN LIFE**
  - The use of **ELF MOTO CHAIN PASTE** extends the lifetime of the chain.
  - **ELF MOTO CHAIN PASTE** shows very good shear resistance for maximum chain protection.
- **ANTI-CORROSION**
  - The grease provides maximum protection against chain corrosion.
- **WITHSTANDS WATER**
  - **ELF MOTO CHAIN PASTE** is insoluble in water, even saline.
- **ECONOMICAL**
  - A thin film of **ELF MOTO CHAIN PASTE** is sufficient.
