

TotalEnergies

“As we progress through 2024, it brings me great pleasure to share our **latest initiatives**.

I am happy to highlight the various activities within our **service stations**: from offering **quality service** to **hosting clients' activations**, we aim at ensuring that each visit is a memorable one.

In this newsletter, we also spotlight our **Quartz strategic partnerships** with local partners, maintaining our strong presence in the lubricant distribution field and reinforcing our commitment to excellence.

Safety remains our **main priority** as it is implemented daily in all our activities by our employees and contractors with a common goal of “Zero fatal accidents”.

Finally, we play an active role within the community, particularly in **supporting youth**. Through various programs, we aim at providing them with the needed opportunities to succeed. ”

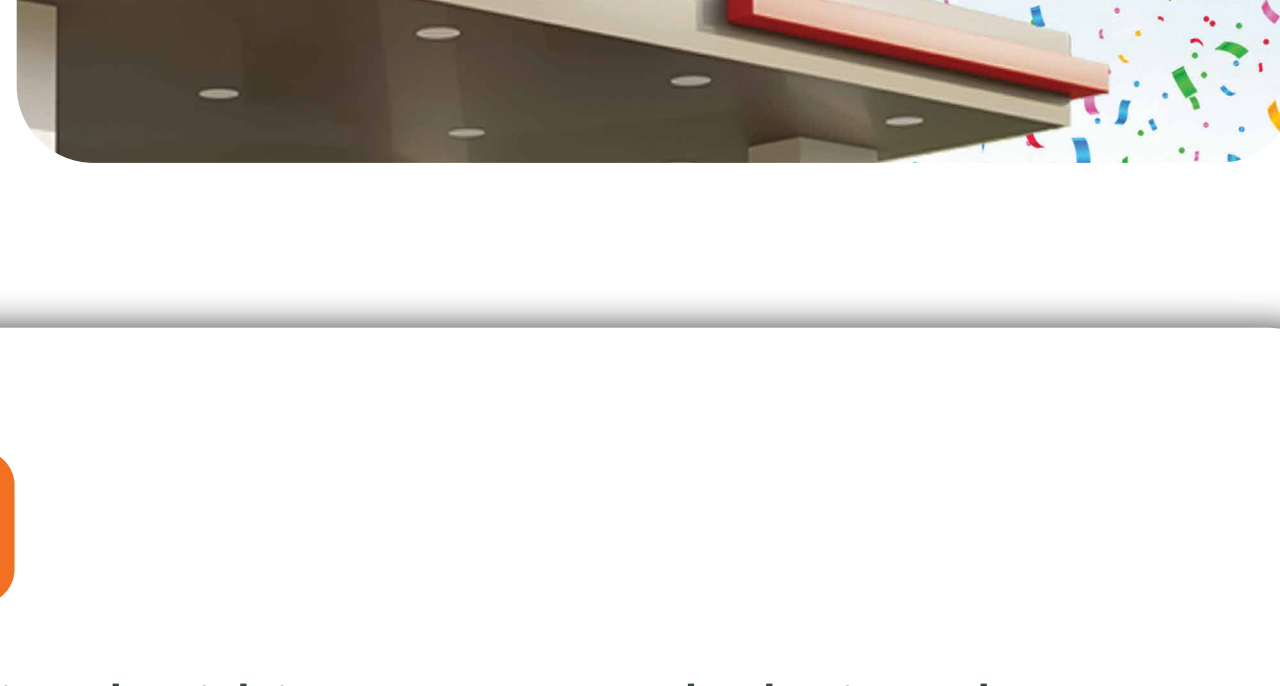

Adrien BÉCHONNET
Managing Director and Country Chair,
TotalEnergies Marketing Lebanon

Happy reading!

A practical gift for your summer trips!

Do not miss our summer promotion! 🎁

From **1 July** to **31 August 2024**, at our participating service stations, **collect up to 18 points** with every car wash, Quartz oil change and purchase from *Bonjour* Convenience Stores to be **redeemed** for a practical gift – a **trunk organizer** – for all your summer trips! 🗑️

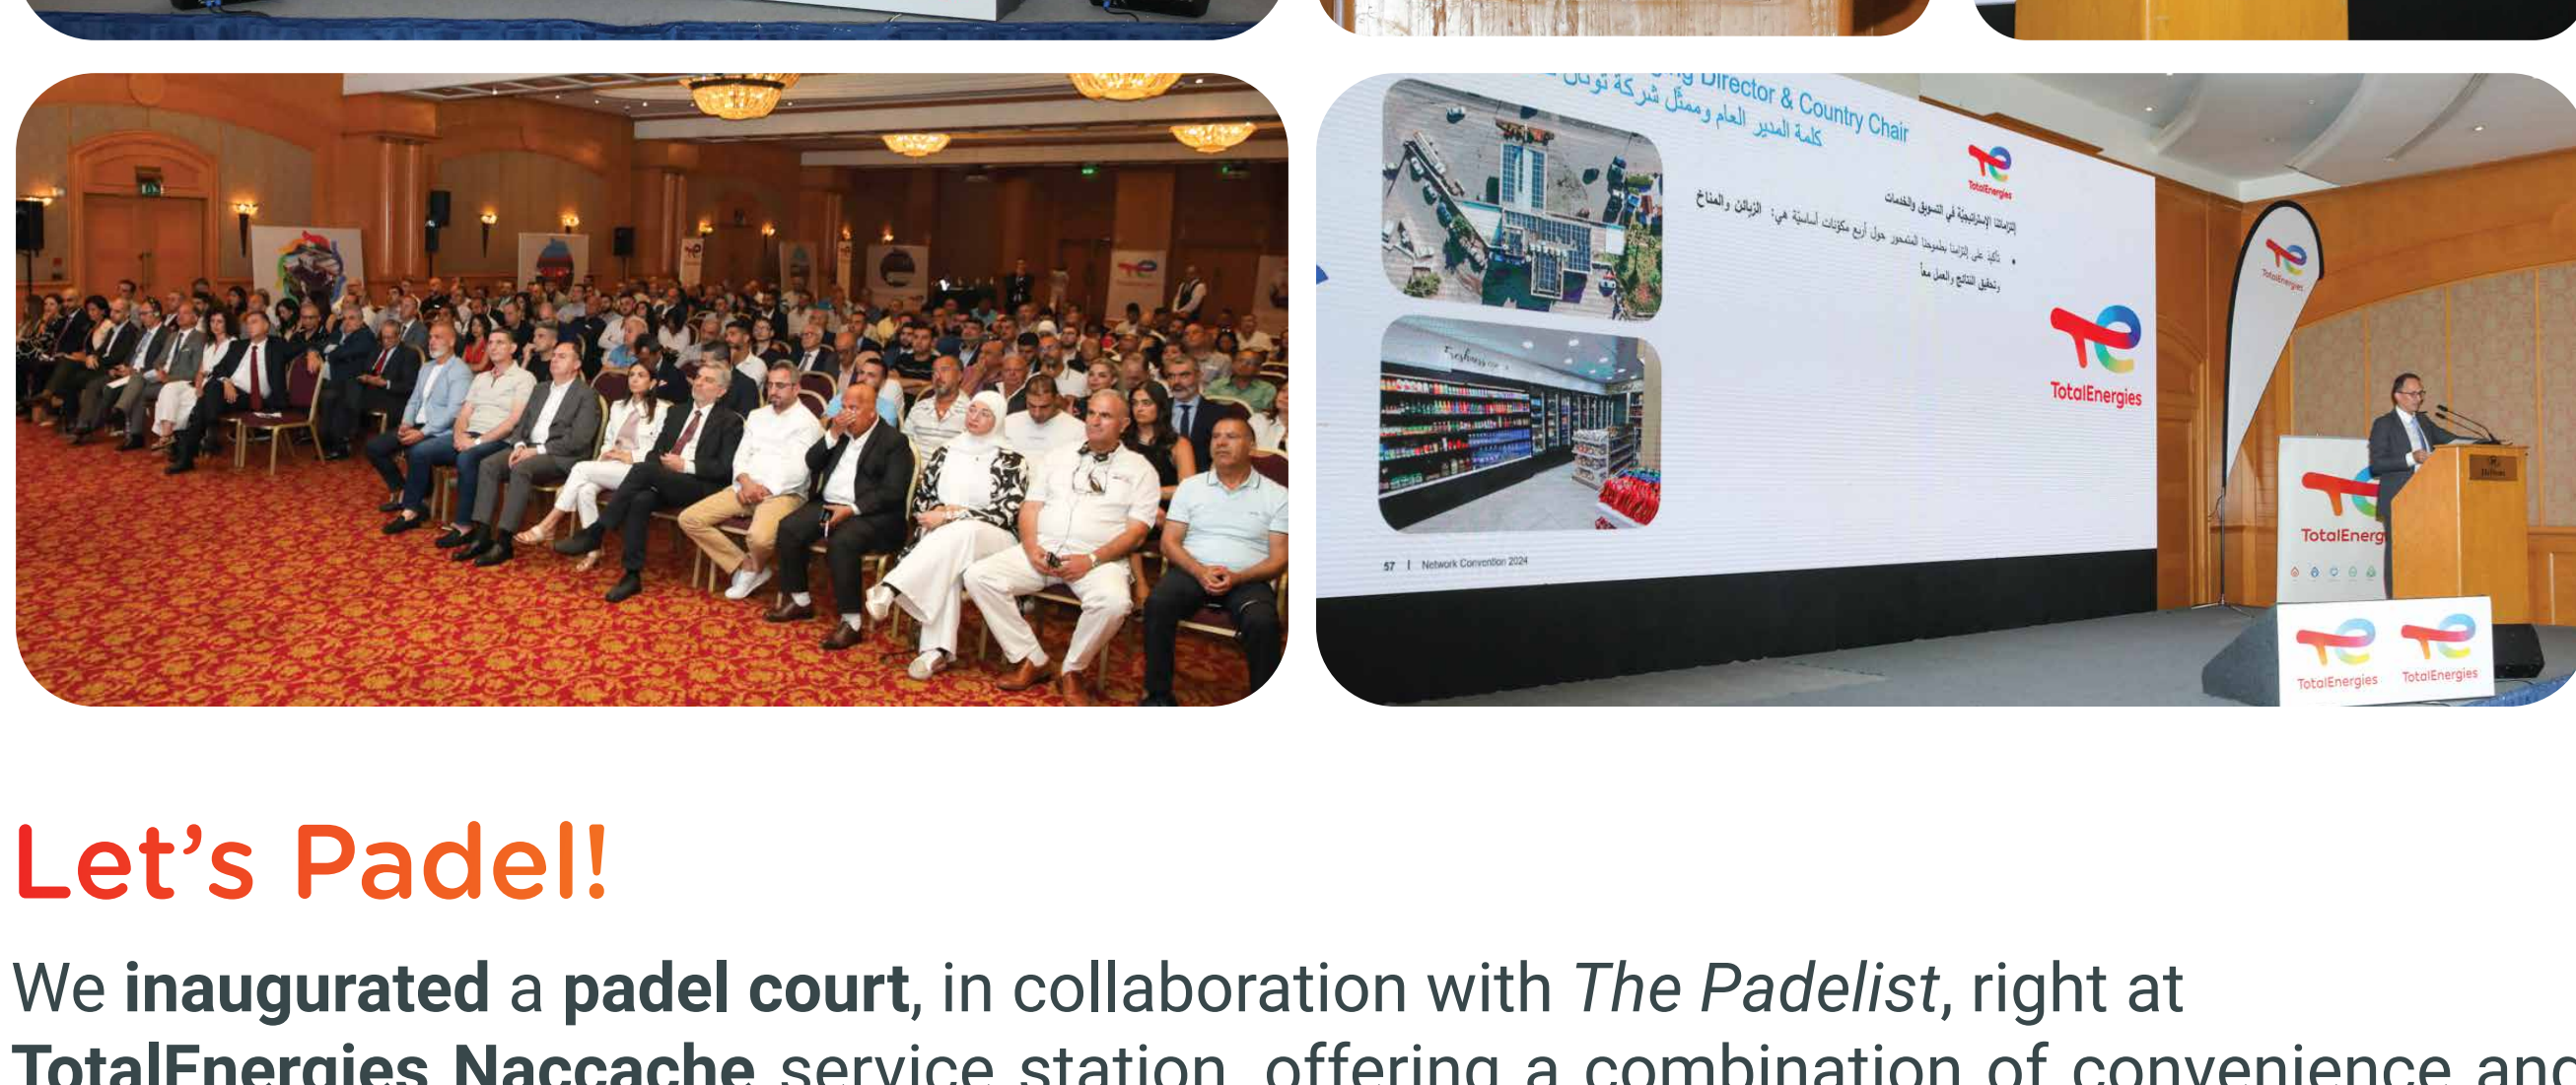

News from our Network

Various events and activations were organized within our network during the second quarter of the year. 📍

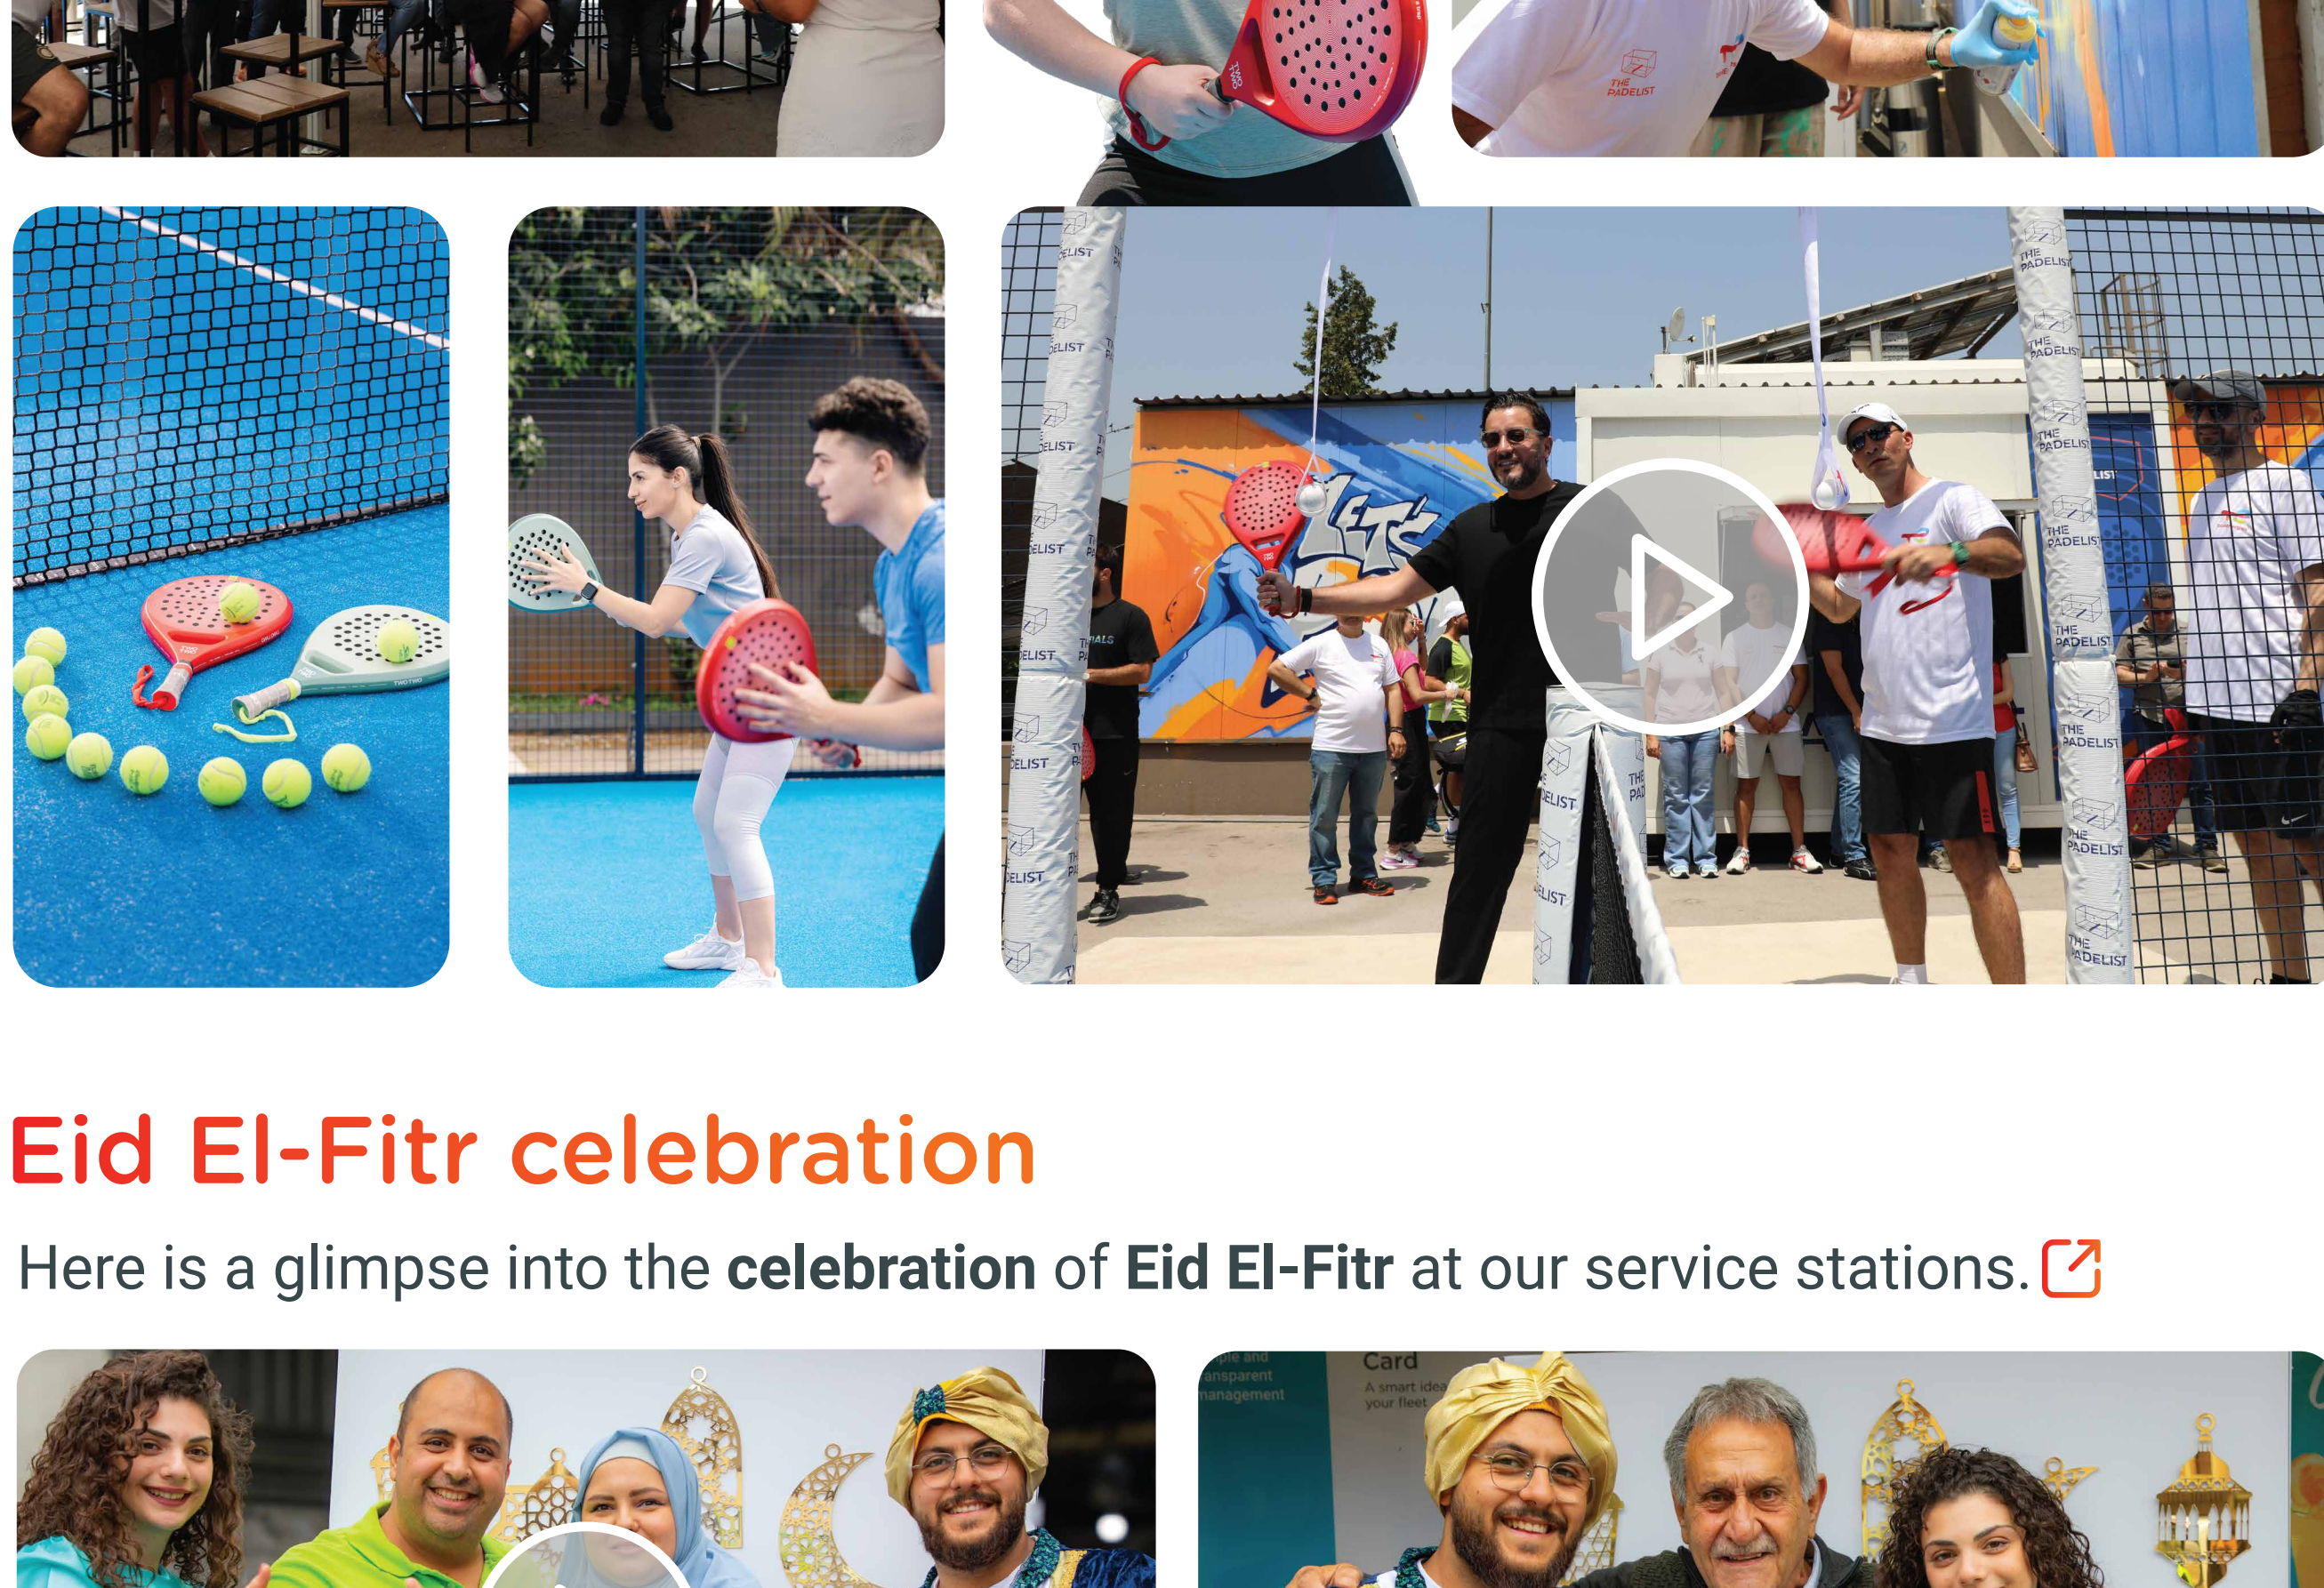

Accelerate together

On 20 June 2024, we organized the **Network Convention** that brought together all our service station managers and owners. Under the theme “**Accelerate Together**”, we gathered to celebrate our collective efforts. It was also an excellent opportunity to share insights and discuss future projects for more success.

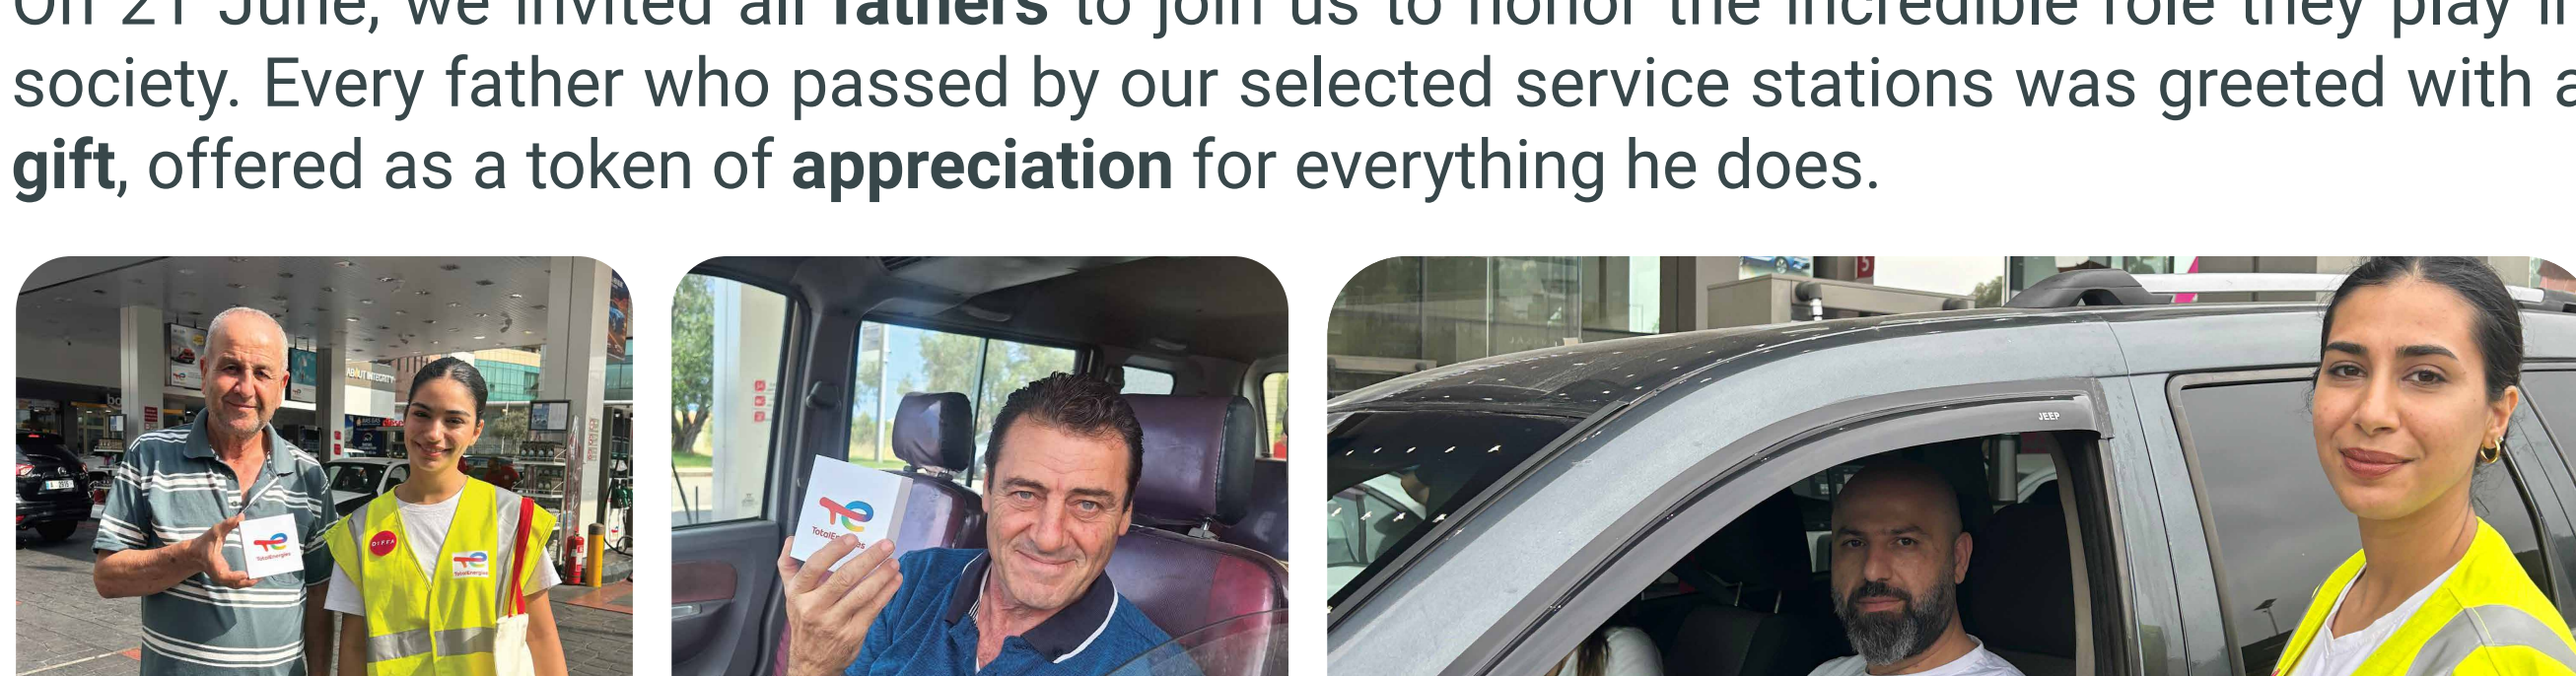

Let's Padel!

We **inaugurated a padel court**, in collaboration with *The Padelist*, right at **TotalEnergies Naccache** service station, offering a combination of convenience and fun! Come and experience the thrill of Padel at our service station. 🎾

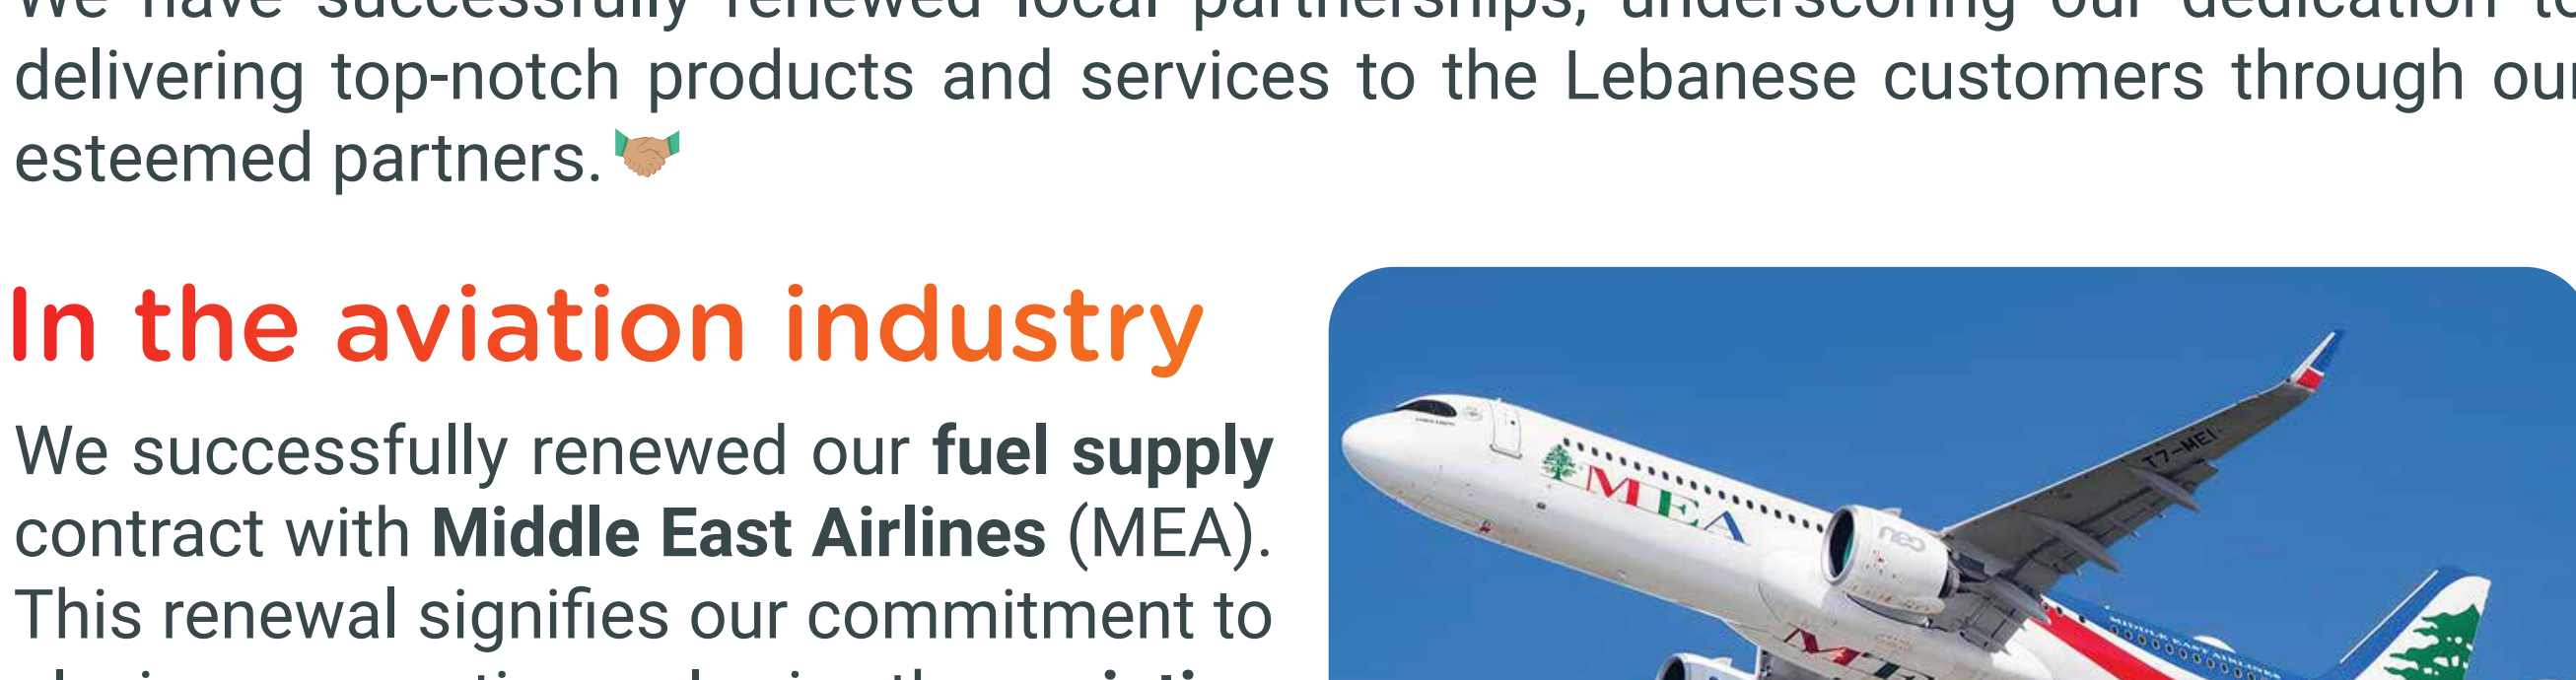

Eid El-Fitr celebration

Here is a glimpse into the **celebration of Eid El-Fitr** at our service stations. 🎉

Celebrating Father's Day

On 21 June, we invited all **fathers** to us to honor the incredible role they play in society. Every father who passed by our selected service stations was greeted with a **gift**, offered as a token of **appreciation** for everything he does.

Consolidated partnerships

We have successfully renewed local partnerships, underscoring our dedication to delivering top-notch products and services to the Lebanese customers through our esteemed partners. 🤝

In the aviation industry

We successfully renewed our **fuel supply contract** with **Middle East Airlines (MEA)**. This renewal signifies our commitment to playing an active role in the **aviation industry**.

Strategic Partnerships

We signed two **agreements** with **Bassoul Heneine**, a major car dealer and **RAFIC BAWAB & CO S.A.L.**, a leading lubricants distributor. These agreements facilitate the **supply of Quartz lubricants**, reinforcing our commitment to providing superior products and services to our valued customers and partners.

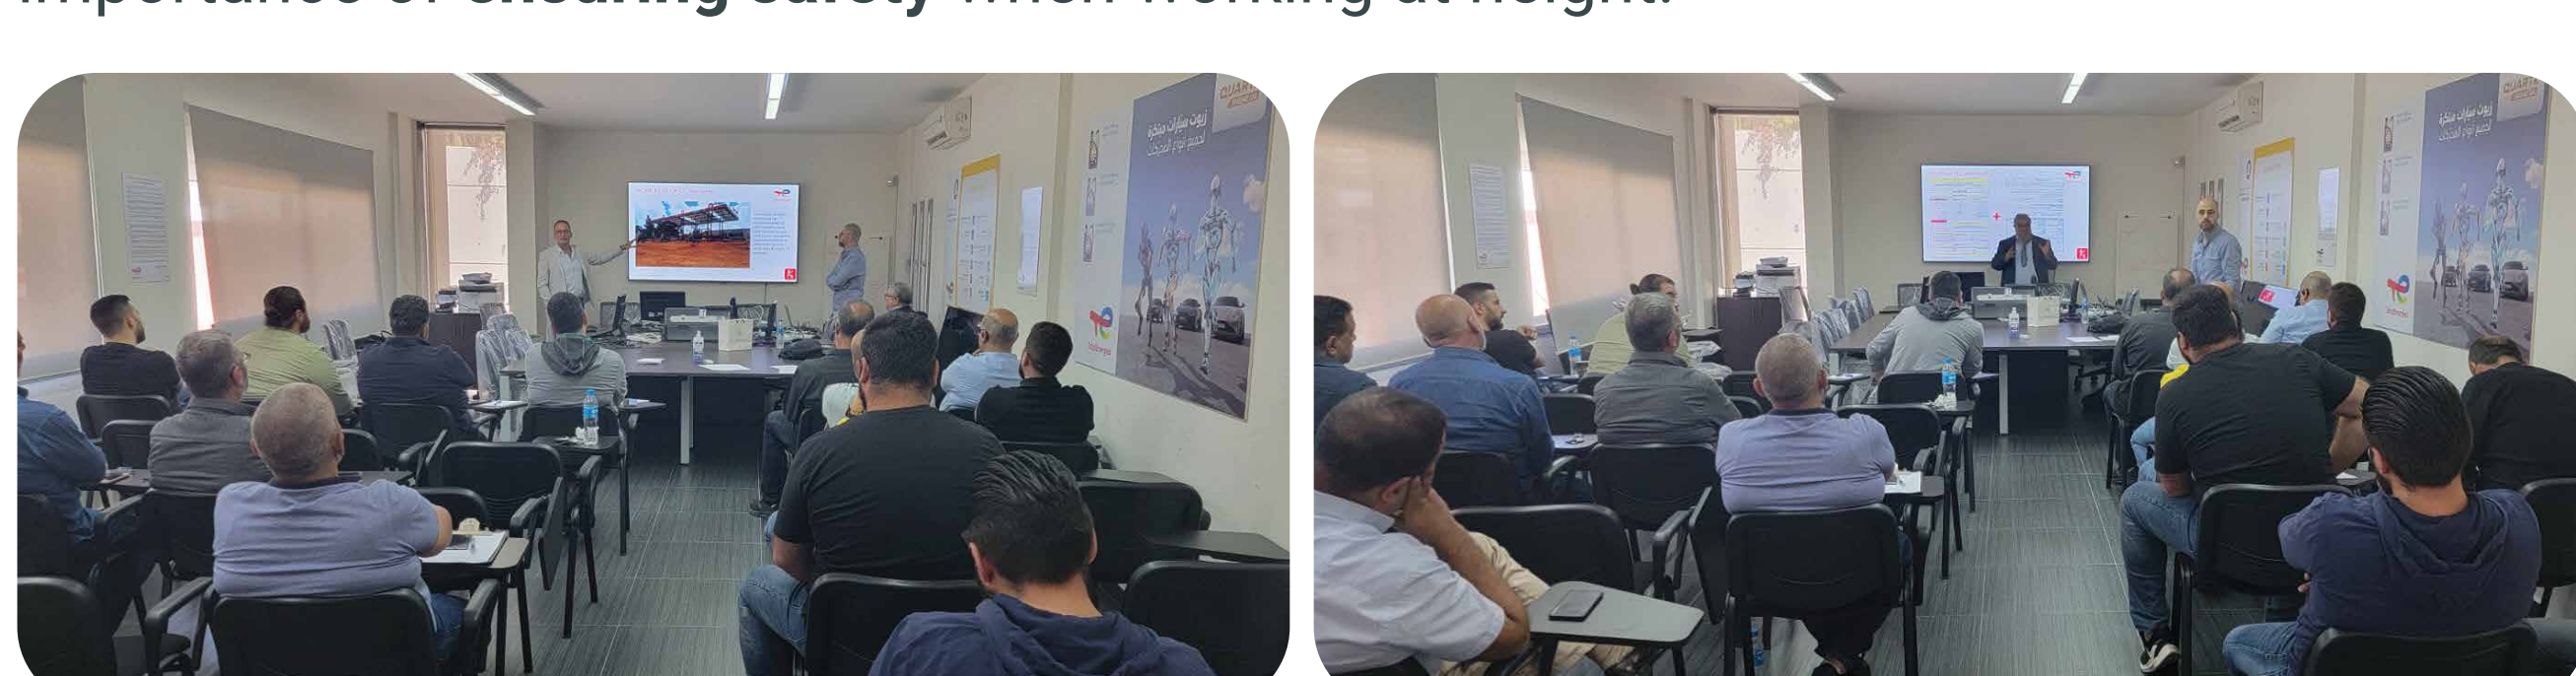

Our commitment to safety and youth

Discover our commitments to safety and youth education.

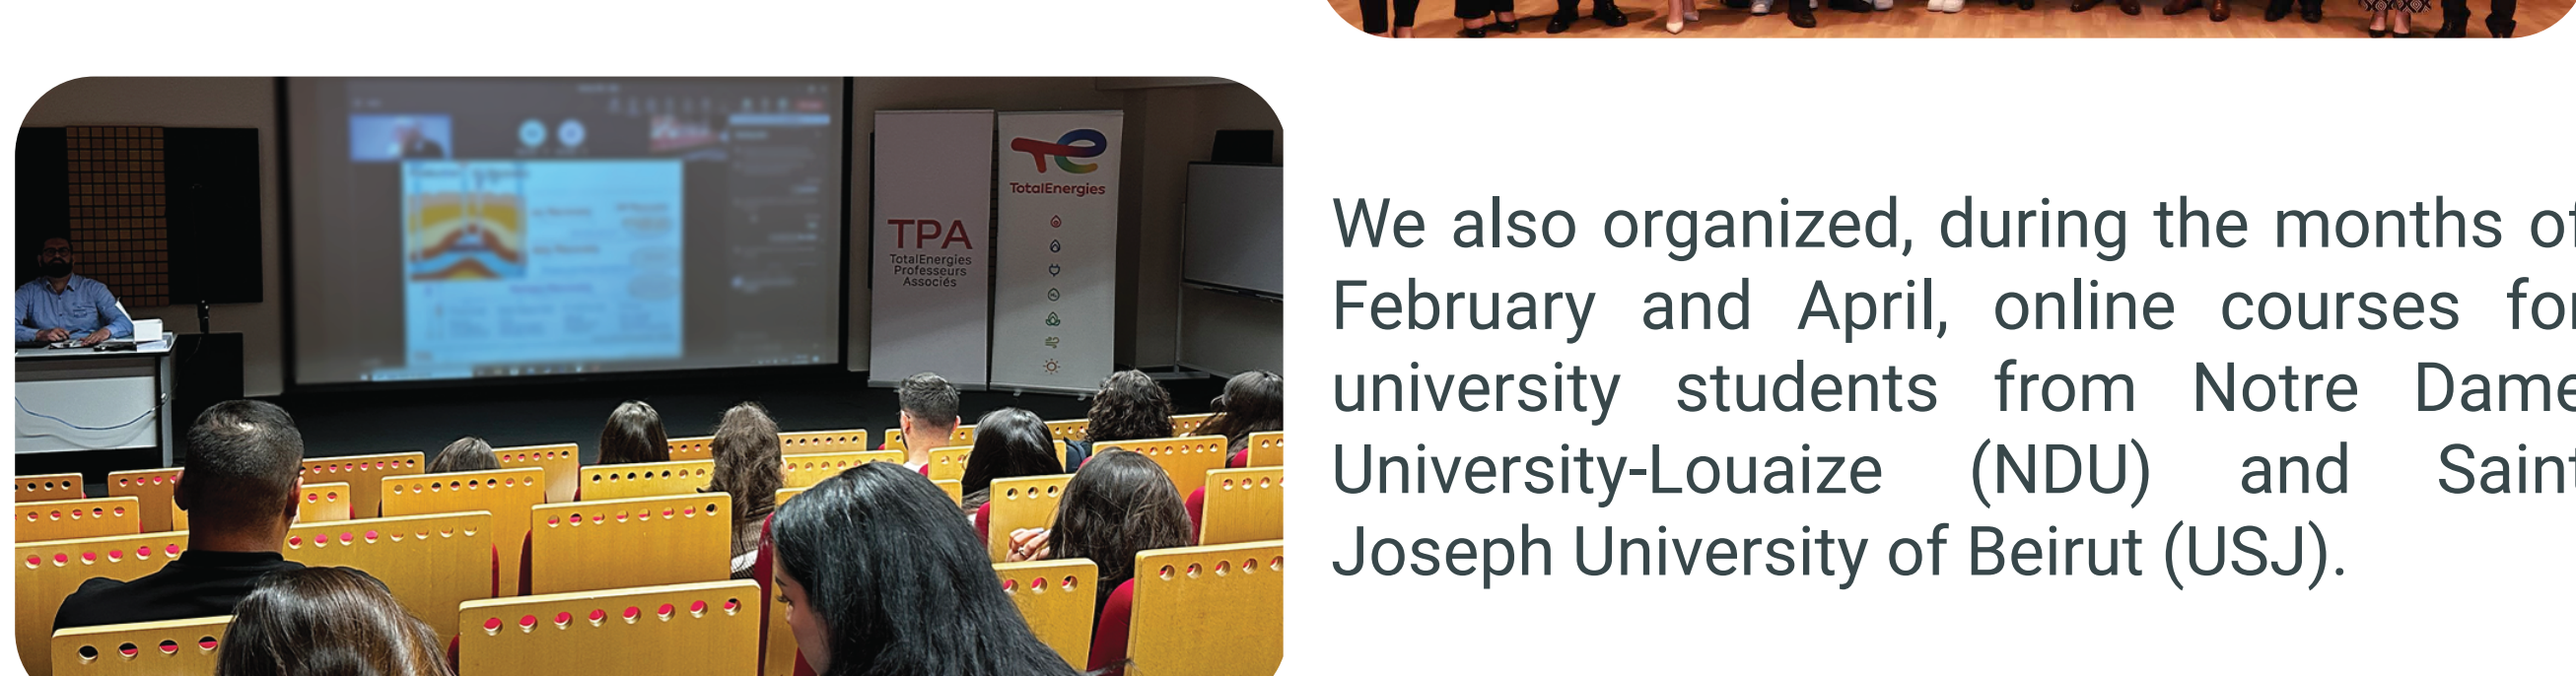

Celebrating World Day for Safety!

As we commemorated **World Day for Safety**, we reflected mainly on the theme of **Return on Experience (REX)**. Under this celebration, we had several **internal gatherings** and **workshops** to reinforce the affiliate commitment towards **safety** and demonstrate the implementation of REX processes at our facilities.

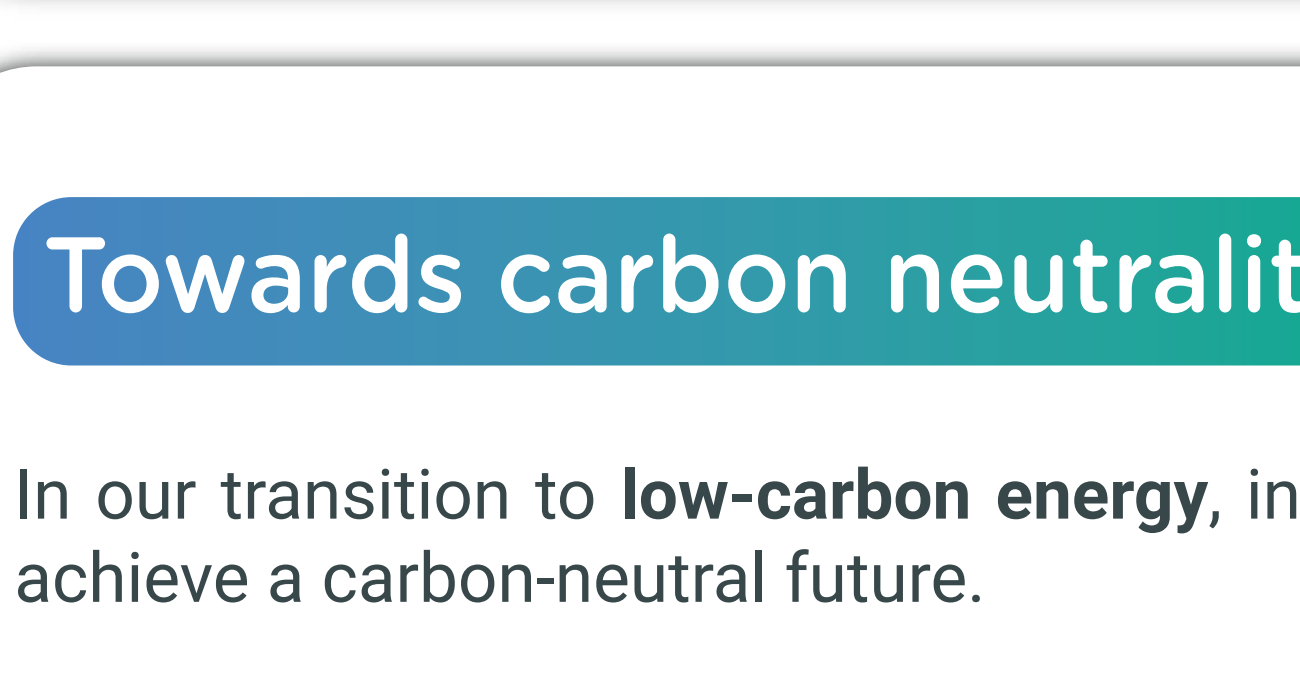

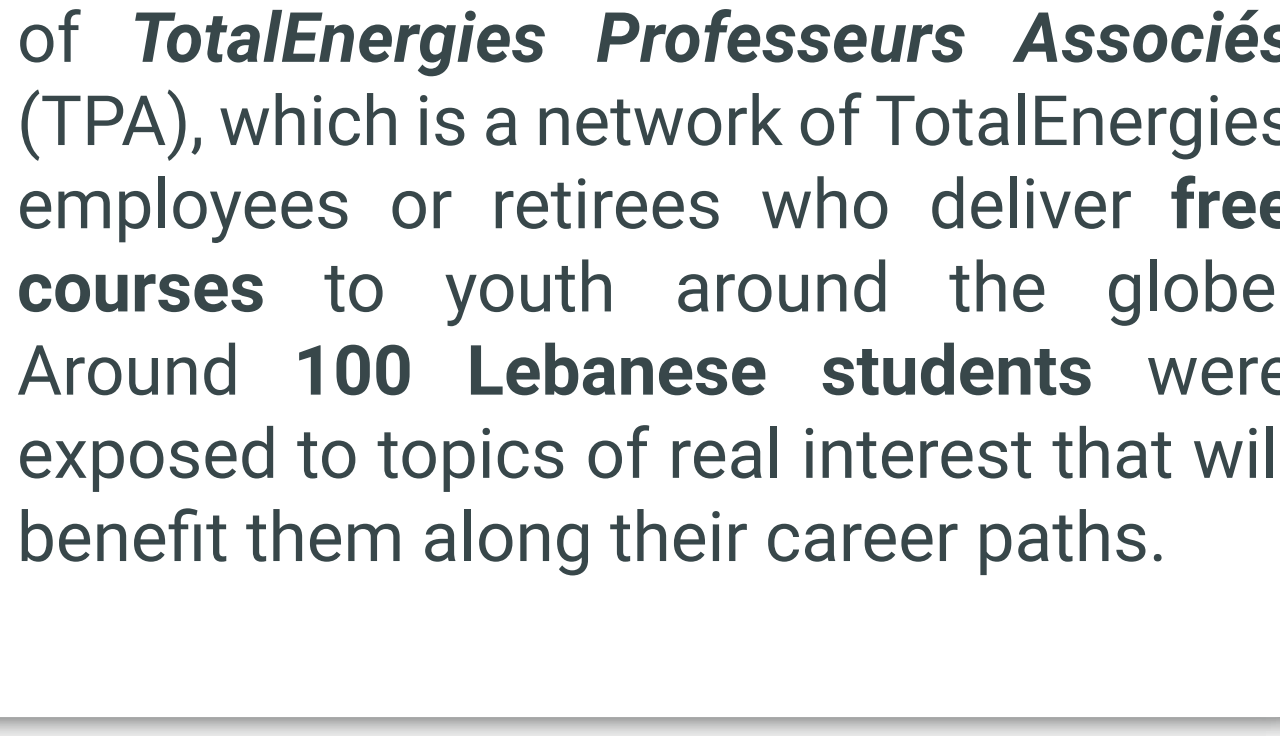

Work at height training for Lebanese contractors!

In May, we conducted a special **work at height training** for 10 contractors and their employees working on projects with our affiliate. The training session reinforced the importance of **ensuring safety** when working at height.

Our dedication to the younger generation!

We sponsored, for the second consecutive year, the **2024 USJ Sciences Fair** held at the Faculty of Sciences at Saint Joseph University of Beirut, in April. This event saw the participation of **340 students** from different schools all over Lebanon.

We also organized, during the months of February and April, online courses for university students from Notre Dame University-Louaize (NDU) and Saint Joseph University of Beirut (USJ).

These courses fall within the framework of **TotalEnergies Professeurs Associés (TPA)**, which is a network of TotalEnergies employees or retirees who deliver **free courses** to youth around the globe. Around **100 Lebanese students** were exposed to topics of real interest that will benefit them along their career paths.

Towards carbon neutrality

In our transition to **low-carbon energy**, innovators are finding solutions that help us achieve a carbon-neutral future.

Join us in this episode as we head to Montpellier, a real **control tower** for TotalEnergies **renewable assets** in France. Discover TotalEnergies intelligent and centralized solution for managing its solar, wind and hydropower facilities scattered across the country.
