NISSAN MOTOR OIL SEMI SYNTHETIC 10W-40 A3/B4

High performance lubricant using semi-synthetics technology specially developed for Gasoline and Diesel car engines, answering the enhanced requirements of the latest direct injection technologies.

USES

- All Gasoline and Diesel engines
- Direct and indirect Injection
- The most extreme conditions
- All times of year

- Recommended for all Gasoline and Diesel engines in cars and light vans
- Specially adapted to the requirements of modern technology Diesel engines, namely the direct injection with or without Common Rail
- Fully adapted to all types of service (in town, on highways and motorways), and to the most extreme conditions (high temperatures)

Refer to the maintenance book of your vehicle to know the recommendation of the manufacturer.

PERFORMANCE

- ACEA A3/B4 • API SL/CF
- OEM approvals : NISSAN

CLIENTS BENEFITS

- Very high performance
- Enhanced Properties specific to Diesel engines
- Lengthens engine life

- Nissan Motor Oil 10W-40, ensuring sustainable performance over the time, thus meeting the needs of the OEMs in terms of extended oil drain intervals
- Excellent detergent properties giving greater engine cleanliness for better performance
- Specially designed to meet the particular requirement of direct injection engines
- Wide viscosity index range giving the lubricant excellent performance at high temperature, and ensuring rapid lubrication of engine components during cold starts. This optimal protection at any temperature extends engine life

CHARACTERISTICS

	Method	Units	SAE Grade 10W-40
Density at 15 °C	ASTM D1298	Kg/m ³	873
Kinematic viscosity at 40°C	ASTM D445	mm ² /s	96.8
Kinematic viscosity at 100 °C	ASTM D445	mm ² /s	14.8
Viscosity Index	ASTM D2270	---	160
Pour Point	ASTM D97	°C	-24
Flash Point	ASTM D92	°C	232

The typical characteristics mentioned represent mean values

This lubricant, when used in accordance with our recommendations and for the application for which it is intended, does not constitute a special hazard. A safety data file conforming to the requirements of current EC legislation is available from your local trade consultant.
