## TotalEnergies Marketing Lebanon Enhances Road Safety Near Collège de la Sainte Famille Française – Fanar

**Beirut, December 18, 2025** – As part of its ongoing commitment to road safety, TotalEnergies Marketing Lebanon, in collaboration with the Lebanese International Road Safety Academy (LIRSA), has successfully implemented key road safety enhancements at the entrance of Collège de la Sainte Famille Française – Fanar.

The safety enhancements implemented were ideas presented by the school students at the TotalEnergies' VIA Safe Mobility Programme. This project, which came in top at the 2024 international VIA finals, identified critical road safety challenges near their school entrance and proposed practical solutions. Inspired by their commitment, TotalEnergies Marketing Lebanon financed and executed essential infrastructure improvements around the school to enhance safe mobility and regulate traffic flow in the vicinity. The implemented measures include:

- **Road Signs:** Clear and visible signage along the main road to alert drivers to the school zone.
- **Speed Hump:** Traffic-calming measure to reduce vehicle speeds.
- **Markings and Reflective Cat Eyes:** Enhancing the visibility through road markings and reflective cat eyes.
- **Solar-Powered Flashing Beacons & Studs:** Improving drivers' awareness, especially at night, by emitting signals.

These upgrades are designed to create a safer environment for commuters. Speaking about the initiative, **Mr. Adrien Béchonnet, Managing Director & Country Chair, TotalEnergies Marketing Lebanon**, stated: "At TotalEnergies, we believe road safety is a shared responsibility. The VIA Programme empowers young minds to identify real-world challenges and propose solutions, and we are proud to bring their visions to life. By implementing these safety measures, we reaffirm our commitment to fostering a culture of safe mobility in Lebanon."

Through programmes like VIA, TotalEnergies Marketing Lebanon continues to drive sustainable road safety improvements, actively engaging with young ambassadors and translating their insights into concrete actions. This initiative not only strengthens road safety but also underscores the power of youth-led projects in shaping safer and more responsible communities.

### About TotalEnergies Marketing Lebanon

TotalEnergies Marketing Lebanon S.A.L., an affiliate of the multi-energy company TotalEnergies, has been present in Lebanon since 1951 with a network of more than 180 service stations across the Lebanese territory - of which 71 are powered by solar panels - and markets TotalEnergies' high-quality fuel and lubricants locally.

Our team seeks tirelessly to apply the Company know-how and expertise in serving more than 1,070 professional clients while contributing to their energy transition. We also serve around 70,000 customers

who visit our stations daily to enjoy our one-stop-shop services and our Bonjour convenience stores with a wide variety of products and continuous offers.

TotalEnergies Marketing Lebanon strives to grow while contributing to the Company's ambition to reach carbon neutrality by 2050, together with society. Reducing CO<sub>2</sub> emissions and optimizing waste management solutions are priorities at our sites.

TotalEnergies Marketing Lebanon is ISO 9001 and ISO 14001 certified and controls all the supply and distribution chain, in addition to complying with international standards of sustainability, quality, and safety. <https://totalenergies.com.lb/en>

### About the Marketing & Services division of TotalEnergies

TotalEnergies' Marketing & Services business segment offers its professional and private customers a wide range of energy products and services—petroleum products, biofuels, charging for electric vehicles, LNG for maritime transportation, fuels for Aviation, bitumen, LPG and Clean Cooking solutions—to support them in their mobility and to help them reduce their carbon footprint. Every day, over 6 million customers all over the world visit our 13,000 service stations and their associated services (mobility cards, car wash, food...). As the world's number four in Lubricants, we design and sell high-performance products for the automotive, industrial, and maritime sectors. In order to provide the best response to the needs of our B2B customers, we deploy our sales force, our international logistics network, and our diverse and tailor-made offering. We operate in more than 100 countries, where our 25,000 employees stand close to all our customers.

### About TotalEnergies

TotalEnergies is a global integrated energy company that produces and markets energies: oil and biofuels, natural gas, biogas and low-carbon hydrogen, renewables, and electricity. Our more than 100,000 employees are committed to providing as many people as possible with energy that is more reliable, more affordable, and more sustainable. Active in about 120 countries, TotalEnergies places sustainability at the heart of its strategy, its projects, and its operations.
