

A brand of **TOTAL**

# EVOLUTION R-TECH SPORT 0W-40

**ELF has gathered its know-how to develop this synthetic high-performance product. Designed to meet the specifications of the RENAULT, DACIA and ALPINE engines.**

## PRODUCT KEY FEATURES

- Low sulphated ash, phosphorus and sulphur
- Specific formula to offer maximal protection and low friction performance
- Remarkable oxidation resistance
- Very good detergency and dispersion properties
- Synthetic lubricant

*Refer to the maintenance book of your vehicle to know the recommendation of the manufacturer*

## PERFORMANCES

**Internationals Specifications:** ACEA C3

**Manufacturers Approvals:** RENAULT RN17 RSA, backward compatible with RN0710/RN0700 (including RS engines)

## CUSTOMER BENEFITS

**Optimum engine cleanliness and wear protection**

Ensure your engine longevity and extended performances

- Excellent wear protection
- Strong deposit prevention and cleanliness efficiency

**Long drain interval & oxidation prevention**

Best in class oxidation prevention and low engine oil volatility to ensure low oil consumption

**Compatibility with latest post-treatments systems: DPF, GPF, SCR, NOx-Trap**

Guarantee post treatment system efficiency to allow better and sustainable air quality respect

**Specifically designed for RENAULT SPORT engines**

Lubricant designed ELF engineering teams and approved by RENAULT

**Tailor-made for extreme conditions and sportive driving**

Optimized lubrication for sport vehicles and extreme temperature & climatic conditions.
