

# Steel industry solutions Lubricants for primary metals process

Dedicated solutions to improve your productivity

# **STEEL INDUSTRY**

Since 1955, **TotalEnergies** Lubrifiants has developed innovative high-performance products and solutions.

In a word of fierce competition within steel industry, any means to decrease operating costs and improve productivity is to be considered.

**TotalEnergies Lubrifiants is** at your side to help you get the best from your machinery and to bring you both the reliability and the competitiveness you are looking for.

# **Your challenges**

#### Reliability of equipment

Maximize equipment lifecycle and productivity.

#### Severe working conditions

Mitigate the impact of contamination ie: dust, dirt, water etc. and also varying temperatures.

### Safety and sustainable production

Operate in a safe manner while minimizing the impact on the environment.

# **Our solutions**

- High performance state-of-art oils and greases Optimizing the lifecycle of key assets and equipment while minimizing downtime and maintenance costs.
- Complete lubricant range dedicated for steel industry

Long term experience handling the impact of high temperature operations with our new gear oil technologies and with Ceran, our grease range for steel as well as our fire resistant hydraulic fluids.

### Products with reduced health and environmental impact

Complete REACH registered product range. Ironcast release oil is an environmentally sensitive product. Optimization of lubricant consumption Ceran greases with outstanding water handling capabilities.

lydransafe range

# FINISHING LINES Temper fluids: Tempershield range Roller greases: Ceran XM / Multis EP / Lical EP Fire-resistant hydraulic fluids: Hydransafe range Corrosion protection and prelubes: Osyris range 🔗 EFFICIENT PRODUCTS FOR AN OPTIMIZED MAINTENANCE Hydraulic oils: 🔗 🔗 Azolla range (ZS / AF) Mineral and synthetic gear oils: Carter range & (EP / HD / XEP / SH / SG) HOT / COLD ROLLING MILLS Multi-purpose EP greases: Hot Rolling Fluids: Rollshield range 🔗 Multis EP Gridling Operations: Folia G 5000 🔗 Cold Rolling Oils: Rolkleen range Work roll bearings grease: Ceran XM / HRM Circulating oils for backup rolls/wire rod mills finishing stands bearings: Cortis MS / ZS

# Conveyors rolls greases Ceran XM / Multis EP

Teeth coupling grease: Ceran MS

Universal coupling grease: Ceran ST 2 2

Fire-resistant hydraulic fluids: Hydransafe range

# TotalEnergies

# The benefits offered by **TotalEnergies** Lubrifiants

LubAnac provides you a full range of lube oil analysis, to allow you to anticipate and diagnose anomalies in the equipment. This solution is both preventive and corrective.

Thanks to LubAnac, you:

**Reduce** your operating **costs**.

Anticipate and plan maintenance operations to perform them at the best time.

Optimize drain intervals and extend the lifetime of your equipment.

of your equipment.

LubInsight Maintenance Planner, optimized maintenance software for your lubricants

LubInsight Maintenance Planner allows you to boost your productivity through efficient maintenance planning.

Built on the expertise of our engineers, LubInsight Maintenance Planner offers you to:

Increase efficiency and savings of your

Monitor lubricant parameters and analyses with a single tool.

Assert your quality and safety management and critical points.

# Plan your orders with our Vendor Managed Inventory solution (VMI)

VMI enables you to:

- Save costs of stock shortage and over-stocks.
- Optimize and simplify your lubricant stock management.
- Control your lubricant consumption.

With our production, supply chain and commercial presence in more than 160 countries, we deliver a full range of lubricants.

# Support and partnership

Thanks to local technical presence, we provide a high level of service to optimize your Total Cost of Ownership.

## References & OEMs

TotalEnergies Lubrifiants cooperates with equipment manufacturers to create high-technology products for optimal performance and production of your machinery.

good reasons for choosing TotalEnergies Lubrifiants

# Innovation & Research

TotalEnergies Lubrifiants invests in biotechnologies to find the most suitable components to reach energy efficiency through formulations designed in our Research Centers.

## **Quality and environment**

TotalEnergies Lubrifiants ISO 9001 and 14001 certifications are the guarantee of a long term commitment to quality and environment. From the initial design stage, our R&D teams seek to develop products that minimize toxicity risks and environmental impact.
