

THE KEY STEPS OF THE LAND ACQUISITION AND RESETTLEMENT PROCESS

1 PLANNING
Operator and Government will meet with Local Government to assess appropriate locations for Project infrastructure.

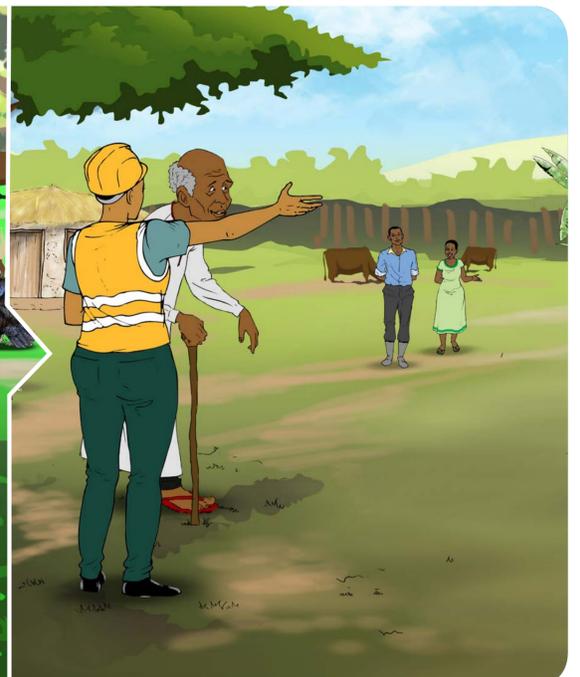

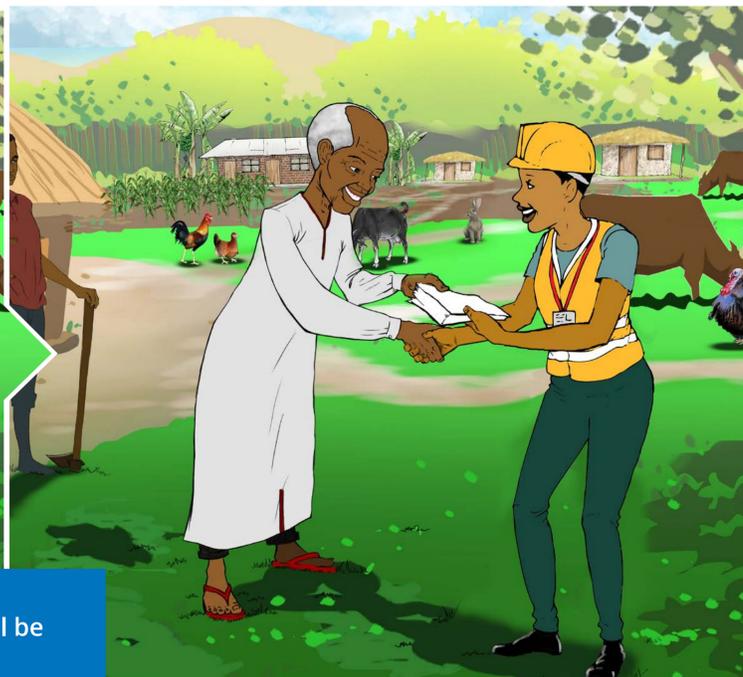

CONSULTATION
Government and Operator will inform and consult affected communities/people.

2
Cut off date will be communicated before the survey.
SURVEYS & CENSUS
Operator will conduct a census of affected persons and surveys of the land, structures, crops and any other developments.

3 DRAFT RESETTLEMENT ACTION PLAN (RAP)
Consultation meetings will be arranged to determine compensation packages, identify replacement land and submit a final RAP for disclosure and for Government approval

4 IMPLEMENT RESETTLEMENT ACTION PLAN
Upon securing agreements, delivery of compensation will be made and the livelihood restoration plans implemented.
