STATION SERVICES
TO MEET ALL YOUR NEEDS

At Total, enjoy all the essential maintenance services you need Car Wash and Auto Service).

THE TOTAL CARD
The best solution around to help you *better* manage Your fleet and save money on your fuel!

MORE FLEXIBILITY

> **CHOOSE ONE OF SEVERAL FUEL CARDS TO FIT YOUR NEEDS**

Postpaid card: a card with limits, billable at the end of a set period, to ensure you only pay for what you actually use.

Prepaid card: a card with credit you top up, with card balances updated after every transaction.

> **MAKE CHANGES REMOTELY WITHOUT HAVING TO TRAVEL TO HEAD OFFICE**

@ Top up your perpaid card remotely.

Request changes be made to your cards with no need to bring them into head office.

Transfer credit from one prepaid card to another.

MORE SAVINGS

> **SEAMLESSLY MANAGE YOUR FLEET VIA YOUR WEB PORTAL ACCOUNT**

The TOTAL card gives you automated fleet management. Card use data is instantly fed back into the system and synced to your dashboard.

Use the same platform to re-configure, recharge, block or create new cards.

> **MANAGE AND OPTIMIZE YOUR TRANSACTIONS**

Track and compare all users and vehicles to help analyze data and correct discrepancies:

Make savings by analyzing your management reports.

View your spending broken down by cost centre thanks to fleet categorization.

Request personalized management reports to meet your specific needs.

Consolidate your payments in one or several end-of-month invoices to complete account reconciliation easily,

MORE SECURITY

> **SET YOUR OWN SECURITY RULES**

Configure user settings and thresholds for your cards ahead of time:

Apply restrictions based on day, time and place of use (specific towns and/or service stations).

Input mileage details for improved fuel consumption tracking by 100 km.

Set up authorized thresholds based on transaction, vehicle tank capacity or product type.

> **NOTIFICATIONS**

The TOTAL card systematically flags up all unusual card and payment activity. Receive notifications when unusual activity is detected in the event of an unauthorized transaction:

Email notifications available online in your client account.

Notifications when a user has attempted to exceed your set thresholds.

Security alerts (wrong PIN code, etc.).

> **LOCK DOWN YOUR TRANSACTIONS**

Choose a series of two codes to use with your TOTAL cards: PIN code and driver code.

> **NEED EVEN MORE REASSURANCE? TAGS ARE FOR YOU!**

The TOTAL card comes with RFID chip tag linked up to a vehicle.For each transaction, tags are checked against the EPT machine to confirm a Card/Vehicle tag match exists and to prevent fraud.
