

**TOTAL**  
**RUBiA**  
EV FLUID

## TOTAL RUBIA EV-BATTERY

BATTERY THERMAL MANAGEMENT FLUID  
FOR HEAVY DUTY AND OFF ROAD

**TOTAL**  
Committed to Better Energy

# TOTAL RUBIA EV-BATTERY

## APPLICATIONS

**TOTAL RUBIA EV-BATTERY** is specially designed for **battery thermal management with direct cooling**.

## BENEFITS

Maintains a **very low viscosity** during the life cycle of battery cells for an **efficient calories exchange**.

Provides a **very high resistance to oxidation**.

Especially formulated to **protect against shorts and static electricity**.

Designed for **very high protection against fire propagation risk**.

## TECHNICAL PERFORMANCES

	TOTAL RUBIA EV-BATTERY 5.0	TOTAL RUBIA EV-BATTERY 3.0	Pure Hydrocarbon Base Oil
Thermal Management Properties	★★★★★	★★★★	★★
Cold Temperature Viscosity	★★★★★	★★★★	★★
Dielectric Properties	★★★★★	★★★★★	★★★★
Fire Resistance	★★★	★★★★★	★
