

Total is a major energy player that produces and markets fuels, natural gas and low-carbon electricity. Our 100,000 employees are committed to better energy that is safer, more affordable, cleaner and accessible to as many people as possible. Active in more than 130 countries, our ambition is to become the responsible energy major.

**“Plan the maintenance  
on your construction  
machines to avoid  
downtime.”**

**If this sentence sounds familiar,  
you either work on a construction site  
or at Total.**

# TOTAL, PARTNER TO THE CONSTRUCTION INDUSTRY

Total's range of products for the construction industry has been developed over decades of working with construction professionals, both in the research laboratory and in the field.

Our range of solutions provides the construction industry with technical expertise, simplified operational management, reduced costs, and the ultimate in equipment protection.

Partner with Total for all your construction lubricant and fuel needs today.

## Optimizer

### OPTIMIZER: ENERGY CONSUMPTION MONITOR

**OPTIMIZER** is a digital solution that allows you to track all your activities in real time and to manage your energy consumption on your construction site.

## FUELS AND LUBRICANTS:

### TOTAL RUBIA WORKS

#### ▶ TOTAL RUBIA WORKS 4000

**TOTAL RUBIA** is a range of new generation, premium heavy-duty engine oils. Developed specifically for the latest engines from the world's leading construction and mining manufacturers, **TOTAL RUBIA WORKS 4000** meets all the latest API CK-4 certifications. **TOTAL RUBIA WORKS 4000** not only provides maximum protection to the engine compartment, but its long-life durability helps reduce overall operating costs thanks to extended oil drain intervals.

#### ▶ TOTAL EXCELLIUM DIESEL FOR PROFESSIONALS

A dirty engine consumes more for the same use. So to help you manage your expenses, Total's research teams have developed **TOTAL EXCELLIUM DIESEL**. This new generation fuel cleans engines and provides long-lasting protection for better performance and lower costs, kilometer after kilometer.

## PROTECT YOUR EQUIPMENT WITH THESE ADDITIONAL SERVICES

#### ▶ TOTAL ANAC

**TOTAL ANAC** provides a diagnostic assessment of all your equipment's engine, transmission and hydraulic components using oil samples. This assessment provides one of the most effective predictive tools in reducing maintenance costs and ensuring the reliability of your machinery.
