Change New Name - TotalEnergies Marketing (Cambodia) Co., Ltd.**

To whom it may concern

We wanted to inform you that during the General Meeting on 28 May, the shareholders of Total SE, decided to change the company's name: **Total** became **TotalEnergies** (in one word, with two capital letters and one 's').

This decision aims to anchor our company's transformation strategy in its identity.

The Paris Agreement adopted in December 2015 resulted in strong awareness of the climate issue. By calling for carbon neutrality in the second half of the century on a global scale, it set a demanding but indisputable objective to face this challenge that we must collectively meet.

We have therefore been making a significant move towards new energies since 2016, with a view to meeting the ever-growing demand for available, affordable and clean energy.

In May 2020, we made specific and quantified commitments for 2030 that are necessary to achieve the goal of carbon neutrality by 2050. This decade will therefore be devoted to our transformation into a truly multi-energy company that places sustainable development at the heart of its strategy. It was important to embody this in a new image and a new name, TotalEnergies.

This new identity is now reflected in the name of **Total Cambodge** which became **TotalEnergies Marketing (Cambodia) Co., Ltd.** on 29 December 2021.

Start from the date of this notice, we would like to inform everyone to change our name for the new transaction and the new contractual and commercial relationship between our company and you from **Total Cambodge** to **TotalEnergies Marketing (Cambodia) Co.,Ltd.**

Finally, this change of company name has no impact on our previous contractual and commercial relationship, and we remain more determined than ever to serve you to the best of our ability.

Yours faithfully,

TotalEnergies Marketing (Cambodia) Co., Ltd.
