2025 Network Convention: Together, We Grow and Lead

On June 18, 2025, we hosted our **Network Convention** at the Phoenicia Hotel, uniting service station managers and owners under the theme **“Together, we grow and lead.”** The event celebrated shared successes and sparked innovative ideas for the future, with a strong emphasis on **diversification** as a key strategy pillar.

A highlight was the participation of valued **partners**, including Dunkin and BLF, who demonstrated how food, beverage, and financial service **collaborations** enhance station traffic and convenience.

The convention also celebrated excellence with the **Top Service Club** announcement, honoring winning stations for their outstanding commitment to quality service. The event concluded with a lively lunch fostering networking among attendees.

Our Commitment to Safety, Sustainability, and Community

Contractors’ Convention 2025: United for Safety

On June 11, 2025, we hosted our second Contractors’ Convention, **uniting our contracted companies** to champion safety. With a shared goal of zero accidents, we reinforced strict safety protocols and comprehensive training. This event strengthened partnerships through open dialogue, ensuring **safety first!**

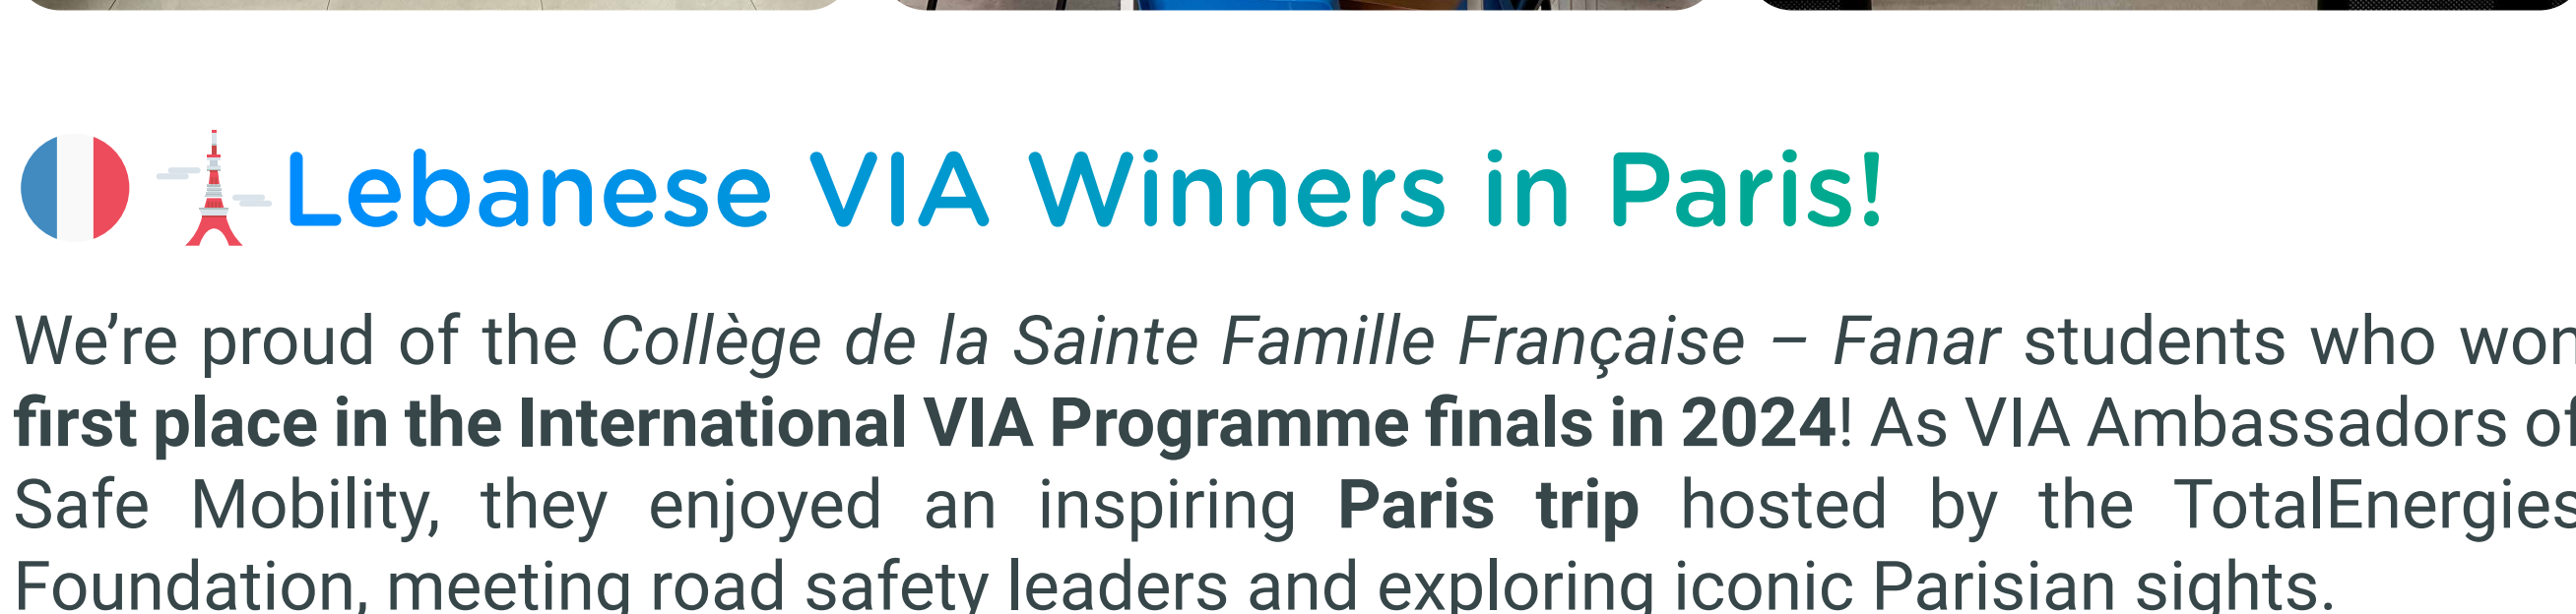

World Day for Safety

On April 24, 2025, we celebrated World Day for Safety with engaging activities. Our team held presentations on **safety** and **technological barriers** at our offices and Dora Terminal, involving colleagues and operators. We also shared our **12 Golden Rules** through videos, promoting safety at work and home. Watch them here! [🔗](#)

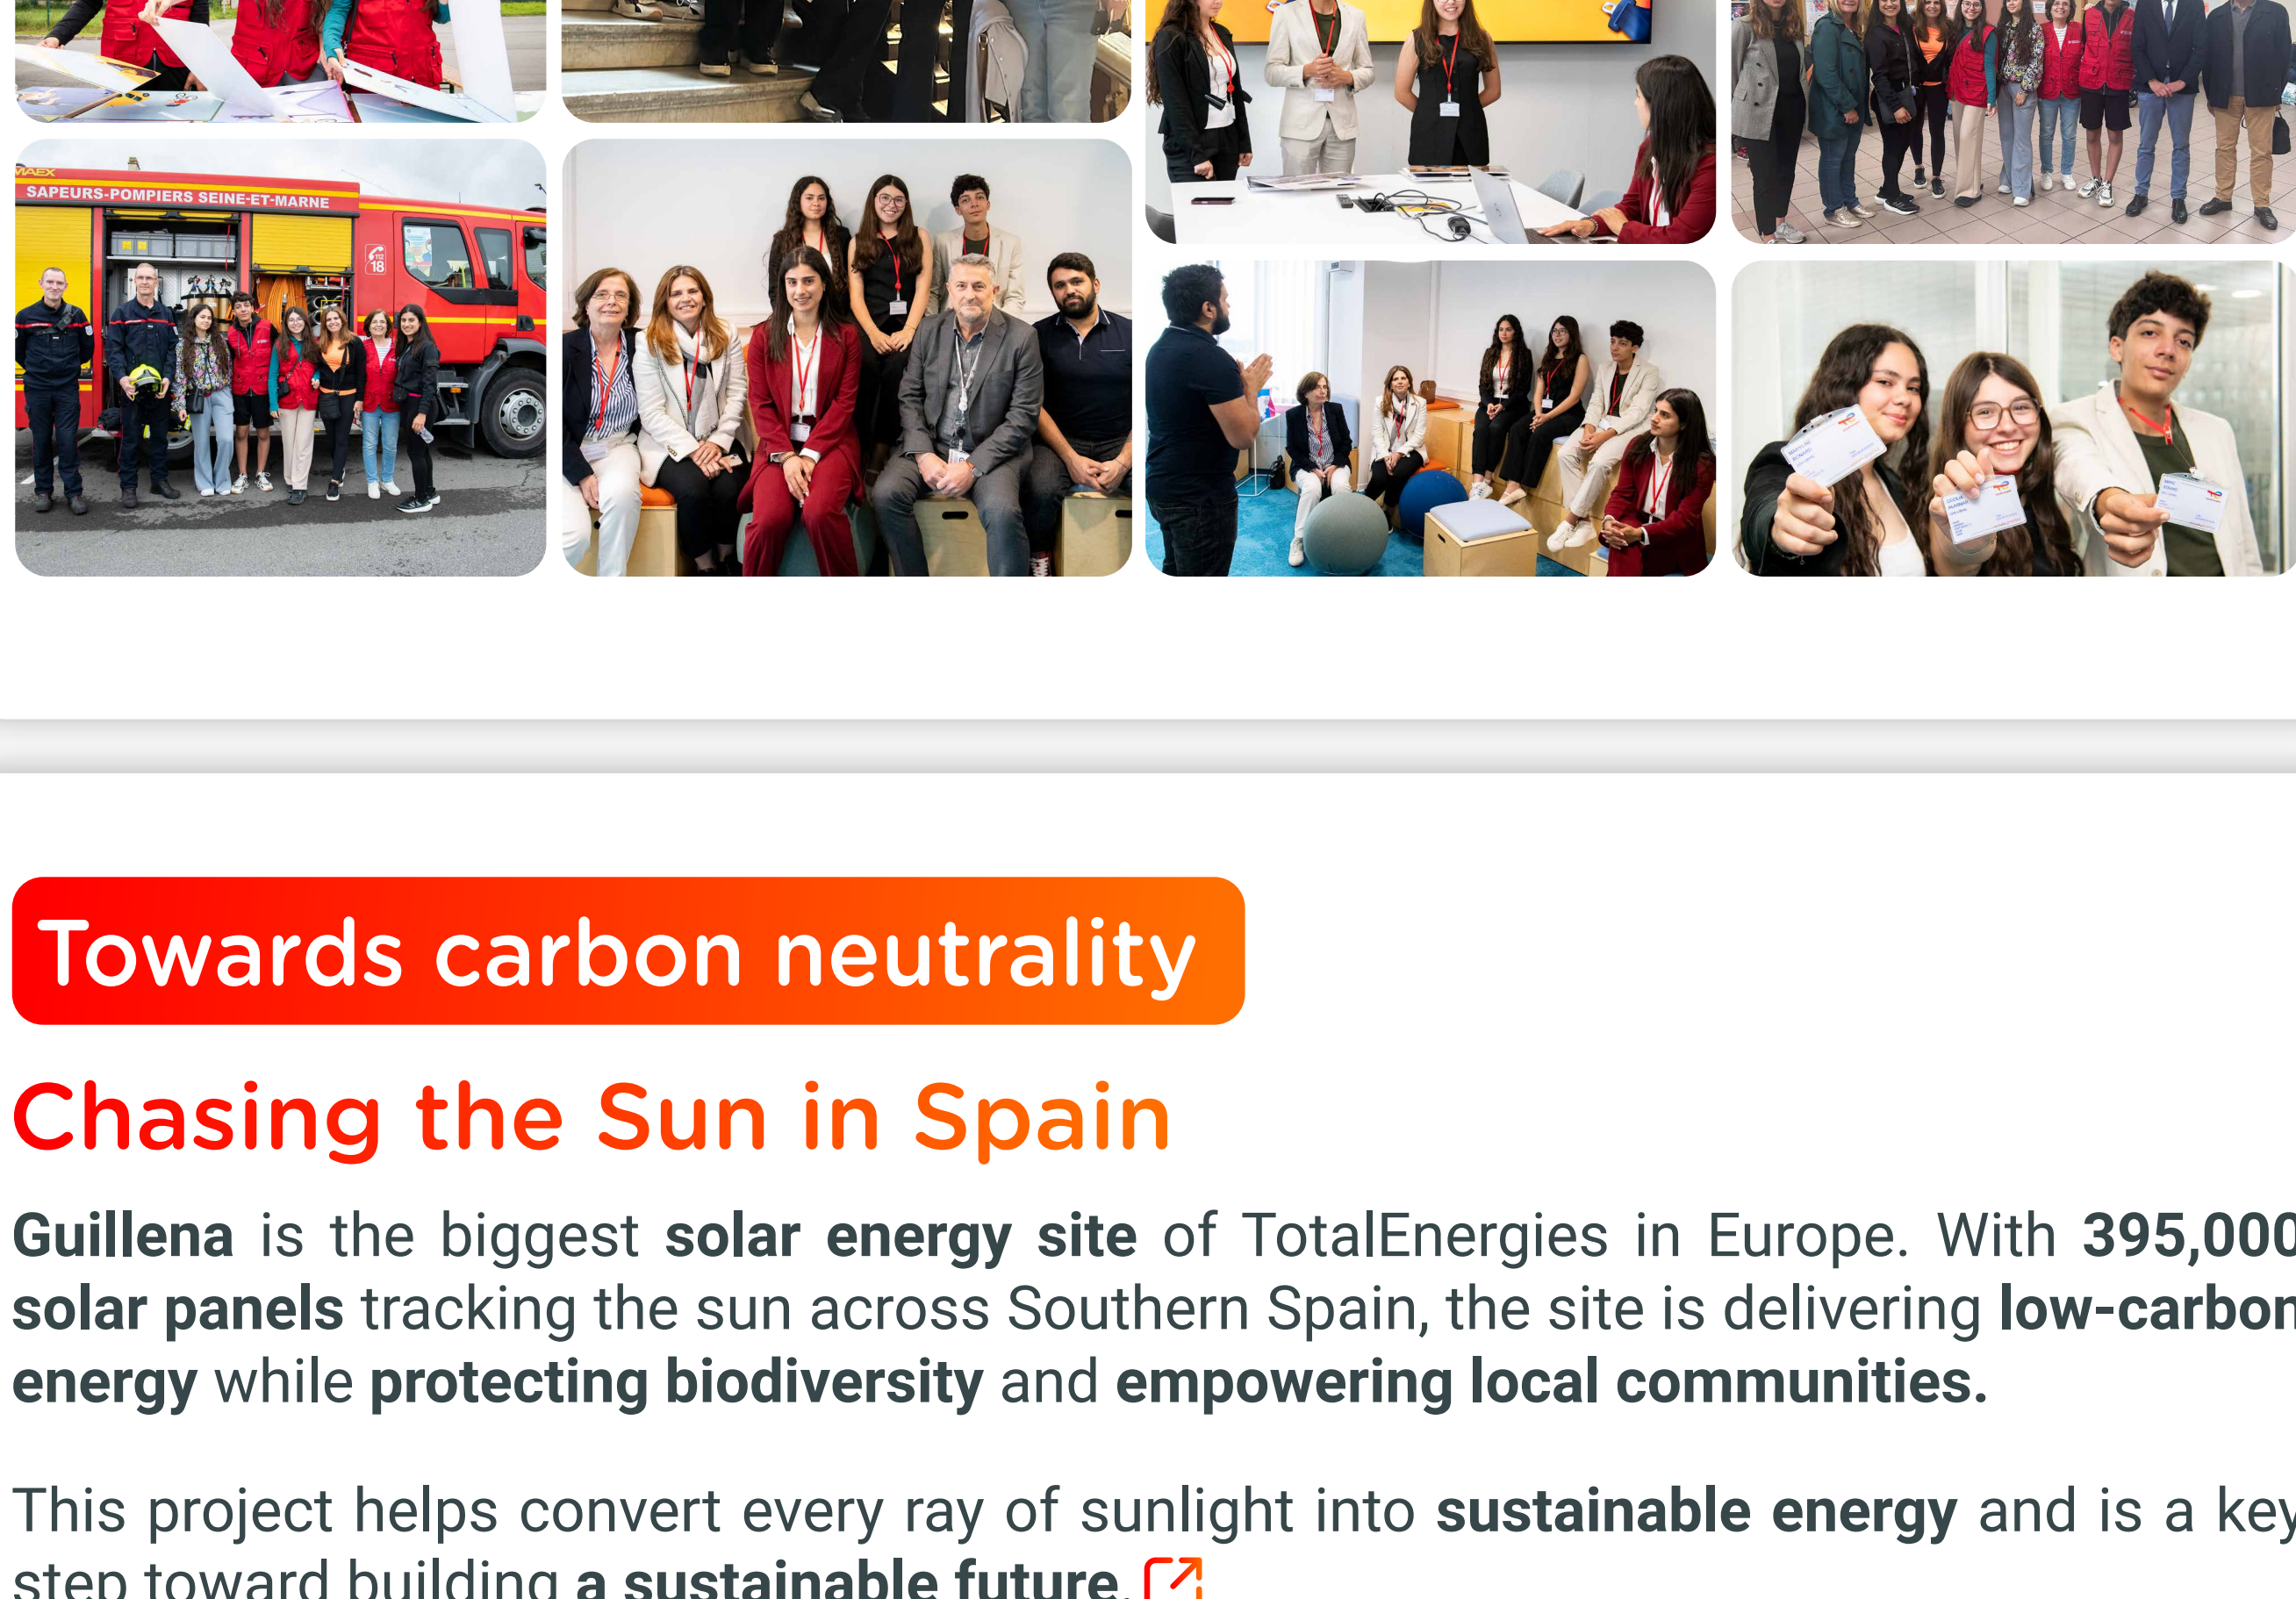

Discover Our 2024 Sustainability Highlights

We’re sharing our 2024 sustainability highlights. From **optimizing energy use** and **reducing carbon emissions** to **protecting the environment** and **supporting communities**, we’re making a difference. Our focus on **employee well-being** strengthens our efforts. Explore how we’re building a sustainable future together! [🔗](#)

Lebanese VIA Winners in Paris!

We’re proud of the Collège de la Sainte Famille Française – Fanar students who won **first place in the International VIA Programme finals in 2024!** As VIA Ambassadors of Safe Mobility, they enjoyed an inspiring **Paris trip** hosted by the TotalEnergies Foundation, meeting road safety leaders and exploring iconic Parisian sights.

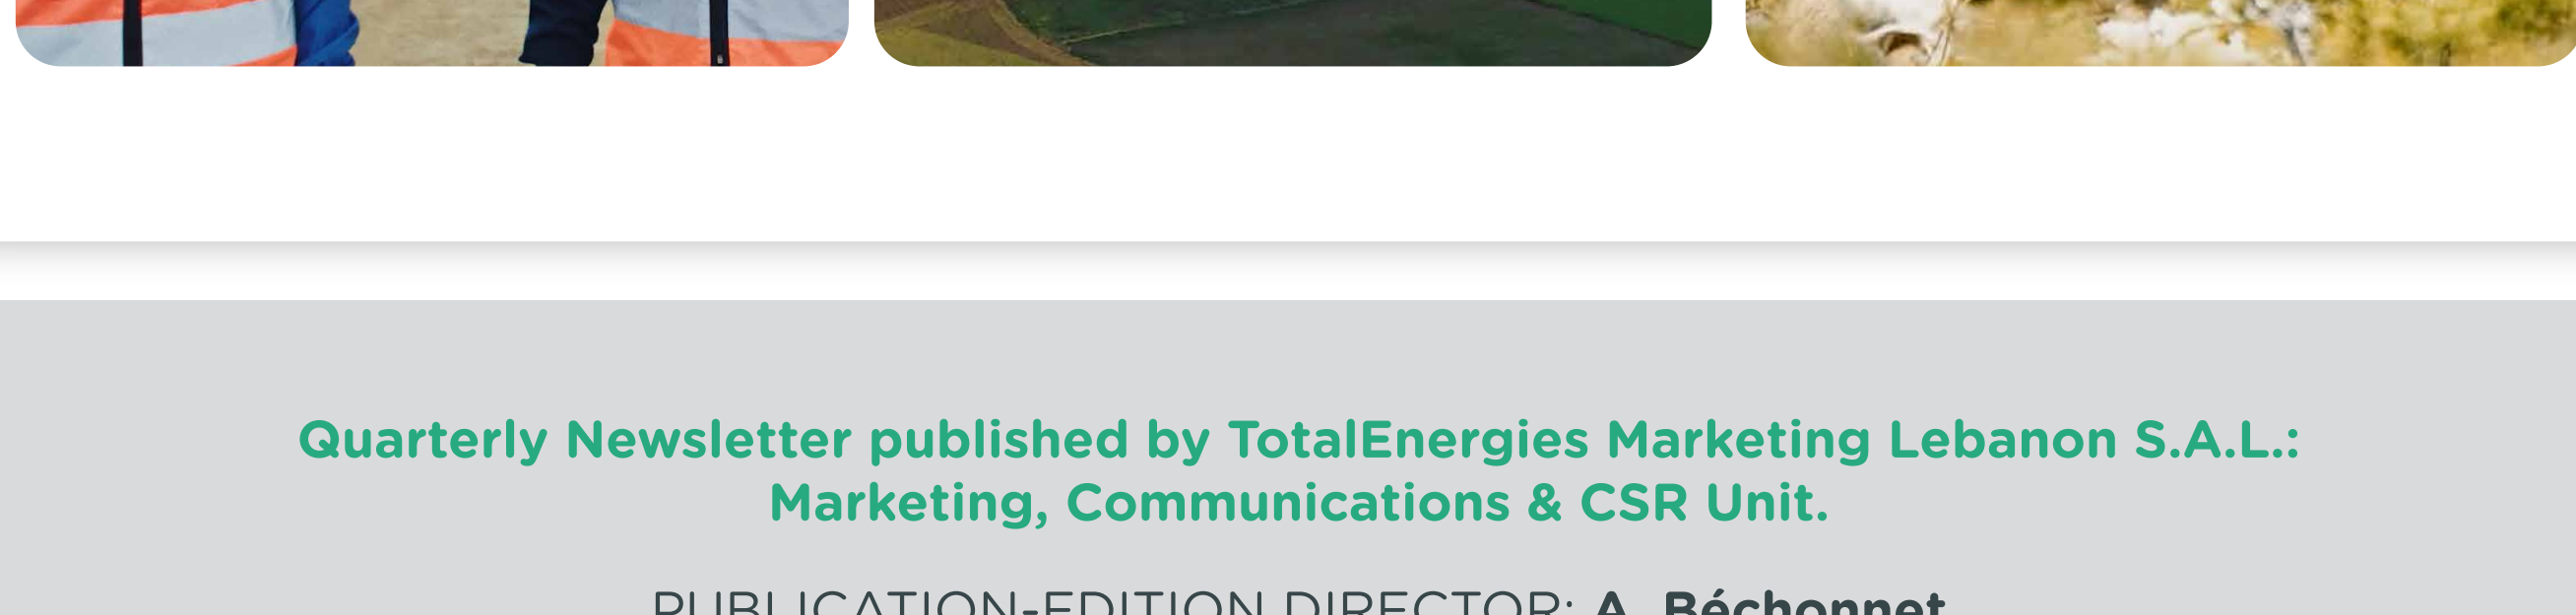

Towards carbon neutrality

Chasing the Sun in Spain

Guillena is the biggest **solar energy site** of TotalEnergies in Europe. With **395,000 solar panels** tracking the sun across Southern Spain, the site is delivering **low-carbon energy** while **protecting biodiversity** and **empowering local communities**.

This project helps convert every ray of sunlight into **sustainable energy** and is a key step toward building a **sustainable future**. [🔗](#)
