Subject: European Regulation on deforestation (EU) 2023 / 1115 – Information letter

TO WHOM IT MAY CONCERN

The European “Deforestation” Regulation (EU) 2023/1115 on deforestation-free supply chains has been in force since 29 June 2023 and its provisions were to be applied by companies from 30 December 2024.

It has recently been agreed that the application will be postponed by one year.

We confirm that this Regulation does not apply directly to our products. However, some of the raw materials entering in the composition of certain of our products could be subject to this Regulation. In this regard, we have initiated discussions with our raw material suppliers to ensure that this new Regulation is considered and implemented appropriately.

Sincerely yours,
